

DELL DOCK - WD19 130W

# Power your productivity.

## FASTEST CHARGING

Boost your PC's power with ExpressCharge on the World's most powerful USB-C dock.

## ENHANCED PRODUCTIVITY

Do your best work faster with a dock that offers the ability to connect to monitors and peripherals all with a single connection to the PC.

## FUTURE-READY DESIGN

Evolve as your needs change with the World's first modular dock with upgradeable power and connectivity.<sup>2</sup>

## INTELLIGENT MANAGEMENT

Work without disruptions utilizing a single firmware on our most manageable docks ever.

# Work at full speed.

## Power your productivity.

Dell Commercial Docks boost productivity for end users by making it easy to connect to and charge their PCs faster than any other dock available<sup>1</sup>. Our docks are easy to deploy, manage and upgrade so IT staff can be more productive as well.

### FASTEST CHARGING

Increase your power delivery and charge quicker with a dock that delivers up to 90 Watts of power allowing for an 80% charge in one hour with Dell ExpressCharge<sup>3</sup>. Get more done even faster, with Dell ExpressCharge Boost, a feature that provides up to a 35% charge in just 20 minutes<sup>4</sup> on compatible systems.

### ENHANCED PRODUCTIVITY

Enhance your productivity with the World's most powerful USB-C dock. USB-C technology delivers data transfer speeds of up to 10Gbps and supports up to two Full HD displays so you can work more efficiently.

### INTELLIGENT MANAGEMENT

Streamline the deployment and management of all of the docks in the family, regardless of their connectivity with a single firmware. Dell's docks are support enabled in our laptops' BIOS from the factory. Perform firmware updates in minutes without needing to reboot the system, allowing end users to continue working without disruption.

### SUPPORT

Dell Commercial Docks come with a standard, 3 Year Limited Hardware Warranty with Advanced Exchange<sup>5</sup>. If the customer has an issue that cannot be resolved over the phone, Dell will send a replacement dock out next business day. Dell offers the option for customers to extend this warranty up to 4 or 5 years for an additional fee.

# Recommended Accessories

DELL DOCK - WD19 130W

DELL PREMIER WIRELESS  
KEYBOARD AND MOUSE - KM717

Enhance daily performance and productivity with this elegantly designed mouse and keyboard, which fits into virtually any workspace.

DELL 24 MONITOR - P2419H

Optimize your workspace with this efficient 23.8" monitor built with an ultrathin bezel design, a small footprint and comfort enhancing features.

DELL DOCKING STATION  
MOUNTING KIT

Mount your Dell Commercial Dock behind your compatible monitor or under your desk to create a clutter-free work environment.

## Future-ready design

Dell offers the World's first modular dock with upgradeable connectivity and power. By allowing you to easily upgrade your connectivity and boost your power delivery to meet the future needs of your evolving PC environment, you can significantly reduce your upgrade costs.

### DELL THUNDERBOLT™ DOCK WD19TB MODULE

Need more power in the future? Upgrade to the WD19TB module for Thunderbolt connectivity with up to 130 Watts of power delivery, 40Gbps data transfer speeds and support for up to three displays at a fraction of the cost of replacing the entire dock.

DELL DOCK - WD19 130W

# Power your productivity.

1 Based on Dell internal analysis of competitive products using publicly available data as of February 2019. Power Delivery of up to 130W when used with compatible Dell systems. ExpressCharge Boost is available on select Dell systems.

2 Based on Dell internal analysis, February 2019.

3 Within Dell Power Manager software, selecting ExpressCharge™ can recharge system battery from 0% up to 80% within 60 minutes. After charging has reached 80% capacity, charging speed will return to normal speed. Recommended for use with the provided Dell power adapter; not recommended with a smaller capacity power adapter. Charging time may vary +/-10% due to system tolerance.

4 Within Dell Power Manager software, selecting either the Default mode of Adaptive Charge or ExpressCharge™ can recharge system battery from 0% up to 35% within 20 minutes when system is powered-off and battery temperature is between 16-45 degrees Celcius. With ExpressCharge™ mode enabled, the system battery can then continue charging up to 80% within 60 minutes. After charging has reached 80% capacity, charging speed will return to normal speed. Recommended for use with the provided Dell power adapter; not recommended with a smaller capacity power adapter. Charging time may vary +/-10% due to system tolerance.

5 Advanced Exchange Service replacement dock ships, if needed, after phone/online diagnosis. Fee charged for failure to return defective unit. See [dell.com/servicecontracts](http://dell.com/servicecontracts).
